

# VELVET TOUCH FILM

Velvet touch matte film products feature a revolutionary topcoated matte surface that offers an unparalleled look and feel. These films create a haze-free matte finish that will not distort graphics or shift colours. The matte finish also offers added scuff resistance with a soft velvet touch that is ideal for high-end applications of all types.

<b>Recommended Speed</b>	4 - 6
<b>Recommended Temperature</b>	240°F - 250°F
<b>Tip</b>	If delamination occurs, add more heat and lower speed. If film is shrinking, your lamination is too hot.
