CreaseStream Card Creaser Deluxe

MACREASESTREAM

The Card Creaser Deluxe is our budget desktop creasing machine – perfect for samples, low volume and short run creasing work.

The CreaseStream makes it possible to manually hand wind up to 2 creases simultaneously and easily outperforms the manual hand fed matrix creasing units that are currently on the market.

Excellent quality creasing

Eliminates fibre cracking 100% by making use of softer and patented creasing devices that gently manipulate and prepare the area of stock so that cracking does not occur during the folding stage.

CreaseStream

Card Creaser Deluxe

Features

- Outperforming traditional technology, the Card Creaser Deluxe is up to 6 times faster than low-end handle or foot pedal creasers
- Can process over 3000 creases per hour
- Produces a wider range of quality creases on a full range of digital stocks
- Comes with two tools as standard
- Perfect crease registration, every time
- Flexibility to produce either 4pp or 6pp book covers, greetings cards, menus, leaflets and brochures
- Ideally suited for stocks between 65 gsm and 400gsm.
- Simple to turn rotary handle
- Easy to set & operate
- Includes skewer adjustment that compensates for imperfectly trimmed sheets
- Can produce multiple creases by resetting & running the sheet through again
